

# Emerald Eyes

Eric Johnson

I begin to think of you  
But I know a dream it's only  
I'm a fool  
Papa said that you'd be long gone  
Not to waste my time on you  
I see you every day in sunshine  
I'm a fool  
Am I the fool to you  
Do you like it that way  
Emerald eyes I see you somewhere  
Why your eyes so blue  
Love can be like holding your breath  
Is that the way fools do, way fools do  
I haven't time to talk about it  
But I admit I've been a fool  
Though I shouldn't think about it  
I need you  
Can't stand it baby  
Am I a fool to you  
Chorus x2  
Emerald eyes I see you somewhere  
Emerald eyes  
Emerald eyes  
Am I a fool to you
