

## Woman Like Her

Eric Paslay

She ain't wallpaper hidden in plain sight  
Or an arm candy savior on a Saturday night  
Her heart ain't wired for a one night stand  
A woman like her is good for a man

She ain't a rebel she don't even smoke  
But she's the real reason they made rock and roll  
She'll test your temper just cause she can  
A woman like her is good for a man

I'd be a walkin' disaster  
An unhappily never after  
If she hadn't come and wrecked all my plans  
A woman like her is good for a man  
Yeah a woman like her is good for a man

She loves the kitchen but she hates to cook  
She's arms open wide but she's no open book  
She's a life long riddle you'll never quiet understand  
Oh a woman like her is good for a man

I'd be a walkin' disaster  
An unhappily never after  
If she hadn't come and wrecked all my plans  
A woman like her is good for a man  
Yeah a woman like her is good for a man

She's all kinds of pretty in all kinds of ways  
She's painfully honest but at the end of the day  
She wont ever say it but it a'int hard to see  
I know I need her more than she needs me

I'd be a walkin' disaster  
An unhappily never after  
When you find the one then you'll understand  
A woman like her is good for a man  
A woman like her is good for this man

She wont ever say it but it a'int hard to see  
I know I need her more than she needs me
