

## A Dime At A Time

Ernest Tubb

My whole life saving's a two dollar bill that's why I'm here to  
night I've got time to kill  
Now I can tell my story about twenty times  
With two dollars in the jukebox a dime at a time  
Two dollars in the jukebox a dime at a time  
Play that same old song about the love gone wrong till closin'  
time  
Two dollars ought to do me if you'll buy the wind  
And I put it in the jukebox a dime at a time

Pardon me Mister mind if I sit down misery likes company and I  
believe that I found  
Somebody just as lonely don't believe I'm wrong  
If you had a place to go to you'd have done been gone  
Two dollars in the jukebox
