

# Beautiful Unhappy Home

Ernest Tubb

We were proud of this house that we found on a street in the nice part of town  
Had it furnished with care we were once happy here now it's a beautiful unhappy home  
Planted red sweet hard roses for you painted our rooms your favorite blue  
Now the colors remain but our love's not the same oh it's a beautiful unhappy home  
What a beautiful unhappy home it's so hard to believe it's our own  
But we're both held here by a child we love dear in this beautiful unhappy home  
Yes we're both held here...  
In our beautiful unhappy home
