

Don't Forbid Me

Ernest Tubb

Now don't forbid me to hold you tight, my darling
Don't forbid me to hold you tight
Let me hold you in my loving arms
'Cause it's cold and I can keep you warm

Now don't forbid me to kiss your lips, my darling
Don't forbid me to kiss your lips
Let me kiss you, please baby, please
'Cause it's cold and your lips might freeze

Well, there's a strong west wind a blowing
There's a big, blue moon above
And pretty babe, then I'll be knowing
You need some hard warmin' love

So don't forbid me to talk sweet talk, baby
Don't forbid me to talk sweet talk
Let me fill your little heart with fire
'Cause it's cold and you might desire

Well, there's a strong west wind a blowing
There's a big, blue moon above
And pretty babe, then I'll be knowing
You need some hard warmin' love

So don't forbid me to hold you tight, my darling
Don't forbid me to hold you tight
Let me hold you in my lovin' arms
'Cause it's cold, oh, so cold and I can keep you warm
