I'm Gonna Tie One On Tonight

Ernest Tubb

Things down at my house just ain't going right I'm gonna tie on e on tonight

I'm sick and tired of coming home and that gal ain't in sight I'm gonna tie one on tonight

I wonder what she does all day I wonder where she goes When I get home she's always gone dressed in her best clothes I'm going out and live it up chase every girl in sight I'm gonn a tie one on tonight

My baby she's out on the town and I think just for spite And I'm gonna tie one on tonight

She thinks she's gonna worry me but I'll show her all right I'm gonna tie one on tonight

I'm gonna dance with all the girls and have myself as free When I get home and find her there crying over me When I come in at three a.m. there'll prob'ly be a fight But I'm gonna tie one on tonight yes I'm gonna tie one on tonight
