

Dark Comtessa

Escape With Romeo

She's the spiders web
a black fantasy
her eyes from nowhere land
they are conjuring me

There's a curse in the place
and no one dares to speak
I see the sign of the cross
hell's the place where we meet

Dark comtessa
you only want everything
dark comtessa
lost in eternal sin

Lucifer's rising
in a corner of the room
I see skeletons dance
as I'm waiting to be doomed

Nothing can break the spell
I feel like zombified
as she takes my hand
we wander through the night

Dark comtessa
you only want everything
dark comtessa
lost in eternal sin
