

Ease the Pain

Escape With Romeo

It's not very friendly
in the halls of poverty
there's a fatal attraction
the shadow of decay
there's a war in my head
it goes on all the time
it's like living in the movies
murder,hate,sex and crime

ease the pain
ease the pain
ease the pain
right now

can you stand the headache
of a world that's gone insane
can you stand the fact
that you are loosing the game
everybody's running
no one wants to be late
because everybody wants to have
a piece of the cake

ease the pain
ease the pain
ease the pain
right now

I look straight to the future
because it seems as such
we need total transformation
but that hurts so much

ease the pain
ease the pain
ease the pain
right on
