

## Exterminate

### Escape With Romeo

Nothing's quite what it seems  
locked inside my sunken dreams  
through the early dawn we glide  
on your frozen wings I ride

Angel of mortality  
you look so good to me  
unimpressed by love and hate  
you have come to exterminate

Zwischenteil

Vulcanoes will erupt with you  
Destruction is what they call you  
giant waves and thunderstorms  
watching as the world transforms

Angel of mortality  
you look so good to me  
unimpressed by love and hate  
you have come to exterminate

Zwischenteil

Angel of mortality  
you look so good to me  
unimpressed by love and hate  
you have come to exterminate
