

These Days

Esmée Denters

Do you ever wonder where were headed
And what all of its for
All the pain and the destruction
No we cannot ignore
While the wealthy politicians
Spend our money on wars
They're addicted to the power
They don't care about the poor
They try to fill our heads with their lies
But we can't let the fear take over

So show some kindness
Cause only light can drive out the darkness
Cause this beautiful world
Can be such an ugly place
And it breaks my heart
Watching it got to waste
We gotta let love win
And let it conquer hate
I can't believe what's happening
These days

They try to turn us against each other
We can't let them succeed
Show them were stronger together
As long as we are free
It don't matter what God you believe in
Underneath it we're all the same
We all dream of a better tomorrow
So let's make it a better day

And show some kindness
Cause only light can drive out the darkness
Cause this beautiful world
Can be such an ugly place
And it breaks my heart
Watching it got to waste
We gotta let love win
And let it conquer hate
I can't believe what's happening
These days
Can you believe what's happening?
These days
I can't believe what's happening
These days
Can you believe what's happening?
These days
I can't believe what's happening
These days

When you turn on the news
They only tell us what they want us to hear
Leave you scared and confused
But if we got love for each other
We got nothing to fear

Cause this beautiful world

Can be such an ugly place
And it breaks my heart
Watching it got to waste
We gotta let love win
And let it conquer hate
I can't believe what's happening
These days

Cause this beautiful world
Can be such an ugly place
And it breaks my heart
Watching it got to waste
We gotta let love win
And let it conquer hate
I can't believe what's happening
These days
I can't believe what's happening
These days
I can't believe what's happening
These days
