

# Time After Time

Estelle

You, me, I, you  
You, me, I, you  
You, me, I, you  
You, you, me, me, I, I, you, you

You and me are everything, everyone can see  
Even with dark glasses on, it's you and me  
So when I say I miss your face, it means I love you, babe  
Might not be perfect, babe, but at least it's real

I wrote this song to tell you you're perfect and you're worth i  
t  
You, lovin' you ain't goin' away, blowin' away

Time after time, because you're mine  
I'll be the one to let you in, I'll be the one you need to stay  
Even if the Sun don't shine, time after time  
It's you and I, it's you and you, you, me, me, I, I, you, you

You, me, I, you  
You, me, I, you  
You, me, I, you  
You, you, me, me, I, I, you, you (2x)

I wrote this song to tell you you're perfect and you're worth i  
t  
You, lovin' you ain't goin' away, blowin' away

Time after time, because you're mine  
I'll be the one to let you in, I'll be the one you need to stay  
Even if the Sun don't shine, time after time  
It's you and I, it's you and you, you, me, me, I, I, you, you

Forever, baby  
Forever  
Forever, baby

You, me, I, you  
You, me, I, you  
You, me, I, you  
You, you, me, me, I, I, you, you
