

## Beautiful Lie

Esthero

I don't wanna write another love song  
I don't wanna open up my eyes  
I don't wanna see what you have done to me  
I don't wanna know what's under your disguise  
And I don't need to see what's on the inside  
Let me enjoy this cause it was all just a beautiful lie

I just wanna keep on believing every little thing you ever said  
to me  
All was true, and I want to be sure you adore me too  
I don't wanna know when it ended for you  
I want to be able to sleep at night  
I want to hold my head up high  
I want to feel like you were always mine  
But it was all just a beautiful lie  
It was all just a wonderful terrible wonderful

Why'd you give all of your love, just to take it all away?  
Baby when I needed you, I didn't know you'd let me go and now I  
feel like I can't breathe  
I need you to lie to me

I want to be able to sleep at night  
I want to hold my head up high  
I want to feel like you were always mine  
But it was all just a beautiful, terrible, wonderful, horrible,  
beautiful lie  
And it's so easy to believe

I don't wanna write another love song  
I don't wanna open up my eyes  
I don't wanna see what you have done to me

I don't wanna write another love song  
I don't wanna open up my eyes  
I don't wanna see what you have done to me
