One, two What cha gonna do One, two What'cha gonna do *One, two what cha gonna do Ain't no where to run when he's looking for you Three, four he's knocking on the door Ain't no where to run you can hide no more Don't you ever listen to what the older people say Child you're no different check your life And what you're going through There's a place for you and me If it's something say do believe Pray for a miracle And hope your life won't be in vain *Repeat (2x)Ain't no need to worry Just call on him and he'll be there

In your darkest hour He will be your guiding light Do not be discouraged, no There will be a better day Just lift your head up high And everything's gonna be okay *Repeat (2x)Ain't no where to go to No where to run No where to hide Cause he's all around you Take a chance he'll love you Don't you turn away *Repeat (2x)Open up and you'll feel good Stand up and and set you free He'll be there to guide you Cause he's the one that cares *Repeat until end
