

What Y'all Want

Eve

What y'all niggas want? (What we want, right)
Can't touch (Uh)
All y'all niggas need (What we need in our life?)
Is right here

Rubia huh? Papi screamin' out of they mouth
Bombshell, just a second mami, wanna speak out
What I need in my life, make ya body freak out
Baby seem like the type, married niggas sneak out
Like I'm ballin' y'all, yes, I be appallin' y'all
Boss type hold it down, wantin' all of y'all
Callin' y'all never chasin' me down
Three weeks, heartbroken, yes, you hatin' me now
She speaks, soft spoken, 'til she datin' the clown
I'm takin' 'em down, reel 'em in and makin' 'em drown
Mistake, I said gimme, bet I'm takin' it now
What I need from a nigga negative in his sound
Au-dacity, even, askin' me
For ass, I laugh, this bitch is fast and free
Swatti' 'em off, when I see this nigga's a flea
Plottin' of course for riches, millionaire wannabe
Uh-huh

Whether you're in Cuba, Puerto Rico, Republica Dominicana
Venezuela, Mexico, everywhere tell me what you want
Guatemala, Costa Rica, El Salvador, Ecuador, Colombia
Everywhere tell me what you want

Popular since I started my life
Eve you know my name, probably the dangerous type
Brick house stall-ion, think you tamin' me right?
Not this baby Del-Philly streets they raisin' her right
Keep it pretty or can make it gritty be a lady
Need boots pocketbooks and a baby 380!
But prefer to keep it, calm and cool
When I'm heated, I suggest you move
Just avoid a bad situation, what you got to prove?
Leave her be, chicken squakin' hatin' frequently
Mad they man is obsessed and stalkin' me
If he, icy enough, I'm pricin' his stuff
Be nicy enough, to let him spend, I'm callin' ya bluff
Puttin it down, Ruff Ryders put in they work
Snatched up the illest viscous pit bull in a skirt
(Grrrrrr) Makin' 'em hurt, haters steady dishin' up dirt
Changin' the game, settin' the rules, makin' it work, uh

Whether you're in Cuba, Puerto Rico, Republica Dominicana
Venezuela, Mexico, everywhere tell me what you want
Guatemala, Costa Rica, El Salvador, Ecuador, Colombia
Everywhere tell me what you want

Leavin' 'em scared, mami takin' all of this here
All of this fame, I'm hungry, hope you cats is prepared
Niggas, set me up and I'ma take it and run
Think it's a game? Just check out how my format is done
Stoppin' your shine, and I do it to perfection
Made a promise every time I touch the mic to bless 'em

Used to tease me, how I keep is greasy just to test 'em
Eve handcuff niggas but I don't arrest 'em
Shorty-bang hear the niggas singin', shoutin' my name
Make the thuggish niggas scream, watchin' me entertain
Dicks brick when I lick the lips, just keepin' it plain
Fantasizin' 'bout this bitch, got em goin' insane
Oooh's and ahhh's, 5'7" thick in the thighs
Every thug's dream wife, see the love in they eyes?
My time to shine, whole package make her a dime
Want some more? It ain't over, just keep pressin' rewind, uh
