

Until I Get Caught Red Handed

Every Avenue

You expect, you presume
I expose you the truth
Can't you see that it's not what it seems

I keep my secret safe with me
In a box beside the sea
Faces pale, faces strange
Pages erased

Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Get caught red handed

In a crowd, all afraid
Curious to the daze
Steady hand, color-stain
Walk away

Darling, let the monsters breathe
And don't worry what you'll see
Faces cold, face the dark
We all fall apart

Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Get caught red handed

Aa-ah...
Woahaa-ah

You expect, you presume
I expose you the truth
Can't you see that it's not what it seems

I keep my secret safe with me
In a box beside the sea
Faces pale, faces strange
Pages erased

Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Who-ah, in the shadows I have stood
Who-ah, until I get caught red handed
Get caught red handed

In the shadows I have stood
Yeah, yeah
Until I get caught red handed
Get caught red handed
