

Thrasher

Evile

Legions mass upon this place
For another night of violent abuse
Maniacs in leather and black
Ready and willing for the attack

Metal mayhem running free
Now all around, breaking loose
Fists are flying, pluses race
The circle will distroy this place

Feel the adrenaline rush
Jump into the pit
Kicking as you push
Brace for the hit, bow down to the thrasher

Blood on stage, a thousand rage
A thashers soul on fire
Chaos spreads across the floor
Bang your head, make it sore

Metal madness engulfs the stage
In the pit, you come of age
Let battle commence, no space for the weak
The thrashers dreams are now complete

Feel the adrenaline rush
Jump into the pit
Kicking as you push
Brace for the hit, bow down to the thrasher
