

# Truth Will Come Clear

## Evocation

Deadly sins tear you apart  
An ancient evil kind of art  
Bound to hell why can't you tell  
Seek the truth down in your well

Demons beg you to end this dwell  
Eternal flames will burn you in hell

Fading past as darkness shading  
Regrets you feel when faith you steal  
Truth will show do feel no fear  
Scars inside to tough to hide

Eye enemy

Emotions hurt but pain no more  
A question of hate that is for sure  
Words of wisdom is no more  
You burnt the bridge to safety shore
