

Ad Victoriam (The Battle of Zama)

Ex Deo

Push, pull, Divide and conquer
Everyone is everything...
Zama Regia, Summer of Legends,
Summer of Blood
Wage war back to Carthage
This time we end it all
Hannibal... face your nemesis
I am the general you cannot kill

I am your blood turned to death
I am Roma INVICTA!

On this day, let forty thousand souls crush the hands of Carthage

Bring me the head of the lion
For victory, I lay my sword for you

"Formation, three lines single column, left flank cavalry, right flank Massinissa...
Move forward!"

Ad Victoriam!

Push, pull, Divide and conquer
Everyone is everything...
Zama Regia, Summer of Legends,
Summer of Blood
Wage war back to Carthage
This time we end it all
Hannibal... face your nemesis
I am the general you cannot kill

Bring me the head of the lion
For victory, I lay my sword for you

I hear the screams of the Earth shake before me
I see moans of men dying,
With spears entrenched in their bowels, severed heads,
And bodies wrapped in fire. Wrapped in fire!

There is no peace for war, there is no place for the living...
Plunge the Gladius of Rome into the heart of Africa!
