

Same Old Same Old

Example

They said it's on, it must be on
That special place where nothing's wrong
[?] his bless, the days are long
We sing the same old, same old all night long

Another day in the life of a titan
Like of myself, the type is enlightened by simple excitement
Running through the streets of London
Or maybe even down at the beach in Brighton
My sense is heightened
Scared of the morning after, I'll be laying there frightened
Pay the price and we question life and repeat the cycle, uh

How did we end up here?
Tell me now, how did we end up here?
I ain't gotta clue what your name is or what I've taken
How did we end up here?
How did we end up here?
Tell me now, how did we end up here?
I ain't gotta clue what your name is or what I've taken
How did we end up here?

They said it's on, it must be on
That special place where nothing's wrong
[?] his bless, the days are long
We sing the same old, same old all night long

Say the same old sentence
Ask for repentance
Make new friendships
Are you in, are you out?
Don't sit on the fences
I'll be goin' this hard till I got dentures
Silly adventures
In the mean time same guy, same face text me
See you all same time, same place next week
Nice [?] kicks like Jet Li, get me

How did we end up here?
Tell me now, how did we end up here?
Go ahead pull a few faces, tie up your laces
How did we end up here?
How did we end up here?
Tell me now, how did we end up here?
Go ahead pull a few faces, tie up your laces
How did we end up here?

They said it's on, it must be on
That special place where nothing's wrong
[?] his bless, the days are long
We sing the same old, same old all night long

Who's about tonight?
I'm about tonight
Scream and shout tonight
[?] about a bit
Jump around a bit

'Round the town a bit
I'll be 'round about ten past nine
Heard she's a friend of mine
She knows I got a treat so she sending signs
Likes our beats and she likes rewinds
Say she's on fleek but that ain't my vibe

They said it's on, it must be on
That special place where nothing's wrong
[?] his bless, the days are long
We sing the same old, same old all night long

Same old, same old, same old
Same old, same old, same old
Same old, same old, same old
Same old, same old, same old
Same, same, same, same all night long

How did we end up here?
Tell me now, how did we end up here?
I ain't gotta clue what your name is or what I've taken
How did we end up here?
How did we end up here?
Tell me now, how did we end up here?
We sing the same old, same old all night long
