

Into the Maw of Hell

Exmortus

You claim to know right from wrong
Yet you bask in your own hypocrisy
Can't fool me, I know where you belong
Practice what you preach
I'll make you see
The maw of Hell

"No, this will never end!"
Hear the demons yell
In darkness we descend
Into the maw of Hell

All your hopes are gone
Forever where you fell
Right into the maw
Into the maw of Hell

Hell on Earth and madness of the mind
Grim reality, this cannot be true
On and on, the blind will lead the blind
Dark Age rising, we fall right back into
The maw of Hell

"No, this will never end!"
Hear the demons yell
In darkness we descend
Into the maw of Hell

All our hopes are gone
Forever where we fell
Right into the maw
Into the maw of Hell

How much more must we sacrifice
Appease the puppets
But will we ever learn?
We all live a fool's paradise
For all around us it continues to burn
We shall return to the maw of Hell

"No, this will never end!"
Hear the demons yell
In darkness we descend
Into the maw of Hell

All our hopes are gone
Forever where we fell
Right into the maw
Into the maw of Hell
