

# Turn the Tide

Exmortus

Life in oppression  
You're sick and tired of all the wrong  
Rise to the occasion  
Fortune favors the strong

Freedom we all yearn  
We have crashed and burned  
And on and on we ride  
We ride to turn the tide

The struggle's relentless  
You fear that this will never end  
Carry on with courage  
For victory's at hand

Freedom we all yearn  
We have crashed and burned  
And on and on we ride  
We ride to turn the tide

We ride, onward we ride  
Turn the tide

Behold your glory  
With steel resolve you struck the gold  
Ride on to victory  
Fortune favors the bold

Freedom we all yearn  
We have crashed and burned  
And on and on we ride  
We ride to turn the tide

We ride, onward we ride  
Turn the tide

Freedom we all yearn  
We have crashed and burned  
And on and on we ride  
We ride to turn the tide

We ride, onward we ride  
Turn the tide
