

# Standing Still

Exotype

Do you know why you will...  
Always be a part of me?  
When I look in the mirror...  
I see you staring back at me.  
You can't help but make me feel alone  
I'm lost and I'm losing all control  
Why can't you just find your way back home  
I feel you there but I know that you're not here  
I'm falling faster now but my world is standing still  
I still can't comprehend that I'll never see you again  
I pretend that you're with me until the end  
And I suspend my thoughts just to make amends.  
I'm falling fast these days and  
I think of all the ways that  
I can kick this phase.  
I set the world ablaze and  
I sit back and watch as it all decays.
