

Stay

F. R. David

Stay a little longer
Stay it's way too early
Way too late
You can't walk out on me now
Don't say goodbye and leave now
Come a little closer
So stay there's no hurry
Won't you wait?
The night is wide awake

Tell me lies or tell me truth
You know you've never wasted my time
I could spend my life with you
I'm beyond on the radio
Listened to the radio nights

Stay a little longer
Stay it's way too early
Way too late
You can't walk out on me now
Don't say goodbye till sunlight
Come a little closer
So stay there is no hurry
Won't you wait?
My life is wide awake

Tell me slowly as you can
And I'll tell you with kisses and wine
I'm live till 2010
Tell me do you read me
Do you read me tonight

Shade and sad is gone
Without the words I feel alone
Be my story-teller
I don't waste another, no

Stay a little longer
Stay it's way too early
Way too late
You can't walk out on me now
Too late to say goodbye now
Come a little closer
So stay there's no hurry
Won't you wait?

Until the break of day
Until the break of day
Until the break of day...
