

# Killin' Me

Faber Drive

She takes me to the edge  
This waiting so frustrating  
She puts me to the test  
To break me, she takes me  
Round and round  
When will I win?  
Well here we go again

Oh no! Here we go she's killin me  
(Here we go again)  
I can't say no  
I can't believe she's killin me  
Teasin me again  
Why does she play with me?  
(Why does she play with me?)  
Like it's just pretend  
She pulls away from me  
(She pulls away)  
Oh no! Killin me again

Her kisses just like wine  
Intoxicating  
Just maybe she'll give me more this time  
Cause I'm craving what she's saving  
Round and round  
When will I win?  
Well here we go again

Oh no! Here we go she's killin me  
(Here we go again)  
I can't say no  
I can't believe she's killin me  
Teasin me again  
Why does she play with me?  
(Why does she play with me?)  
Like it's just pretend  
She pulls away  
(She pulls away)  
Oh no! Killin me again (again)

She takes me to the edge  
This waiting so frustrating  
She puts me to the test  
To break me, she takes me  
Her kiss is just like wine  
Intoxicating  
Just maybe she'll give me more this time  
Cause I'm craving what she's saving

Oh no! Here we go she's killin me  
(Here we go again)  
Can't say no  
Can't believe she's killin me  
Teasin me again  
Why does she play with me?  
(Why does she play with me?)  
Like it's just pretend

She pulls away  
(she pulls away)  
Oh no! killin me again

Oh no! Here we go she's killin me  
Killin me again  
Can't say no  
Can't believe she's killin me  
Teasin me again  
Why does she play with me?  
Like it's just pretend  
She pulls away  
(She pulls away)  
Oh no! Killin me again
