

# Fallin' in Love

Faith Evans

Oh, oh...

Fallin' in love, fallin' in love again  
Fallin' in love again with you  
Fallin' in love, fallin' in love again  
Fallin' in love again with you

Sometimes I think about you  
And I remember all the things we went through  
And I realize that I need you  
I've fallin so in love with you

Fallin' in love, fallin' in love again  
Fallin' in love again with you  
Fallin' in love, fallin' in love again  
Fallin' in love again with you

Oh it's funny how things change  
Not long ago I thought my love for you would fade away  
Your love gets sweeter everyday  
So in love with you I want to stay, so baby

Promise that you'll stay  
Never take your love away  
Cause I need your love  
You're stuck in my heart  
Don't you know  
And the feeling is strong  
And I can't let you go

Fallin' in love, fallin' in love again  
Fallin' in love again with you  
Fallin' in love, fallin' in love again  
Fallin' in love again with you

Promise that you'll stay  
Never take your love away  
Cause I need your love  
You're stuck in my heart  
Don't you know  
And the feeling is strong  
And I can't let you go

Fallin' in love, fallin' in love again  
Fallin' in love again with you  
Fallin' in love, fallin' in love again  
Fallin' in love again with you

I'm all that you want and more  
I just want to close the door  
And share my love, and share my love  
I just want to be with you  
Show you that my love is true  
What you don't see believe in me

Fallin' in love, fallin' in love again  
Fallin' in love again with you

Fallin' in love, fallin' in love again  
Fallin' in love again with you
