

Give It to Me

Faith Evans

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love

Ive been wondering how you could make it better

For me to give you all of my love and open up the door to my he
art, baby baby

But I dont understand your way of thinking

You know the way I feel down inside

The love I feel for you I cant hide

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love

You dont know what youre doing to me

I cant explain the way you make me feel

You hold this body tight and its so real (so real)

Sweet love everyday and the way that you give it to me, give it
to me

All the love I need and baby I hope youll never leave

All your love is all I need

Baby dont take your love from me

Your love is so good

Keep on givin' to me

Everyday and every way

Baby dont take your love away, from me

Your love is so good, baby

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love

See I cant give up on the way that you give it to me, give it t
o me

No I cant give up on the way that you give me your love
