

I Hate Everyone

Falling in Reverse

I had a bad day once again, please leave me alone
There must be something I have missed, where did I go wrong
You fucked me up, you have no clue
Just what I get for trusting you
You're the only reason that
I hate everyone

I'm sick and tired of all the things that keep you away from me
You don't run and tell your friends that I am the enemy
I hate this house, I hate your mom
And fuck your friends, I hate them all
You're the only reason that
I hate everyone
I hate everyone
I hate everyone

You're always talking shit behind my back
But smile to my face, what's up with that
And you're the reason that I have
To hate everyone

So good luck on fixing me and what we could've been
But you always fail to see I'm forever broken
I hate your guts, I hate his too
I hate myself for loving you
You're the only reason that
I hate everyone
I hate everyone
I hate everyone

You're always talking shit behind my back
But smile to my face, what's up with that
And you're the reason that I have
To hate everyone

Oh my dear, I've seen better days
Because this is the worst day ever
And I do hate everyone, but for you
You are the only exception
Hate everyone but you!

I hate everyone
I hate everyone

You're always talking shit behind my back
But smile to my face, what's up with that
It just like all they know the truth
I hate everyone but you
I hate everyone
I hate everyone

You're always talking shit behind my back
But smile to my face, what's up with that
And you're the reason that I have
To hate everyone

(I hate everyone but you)

(But you)
