

Oh Ay Oh

Fallulah

There is only one of me
Like there is only one of you
How lucky can we be?
You're the sun to my moon
I see diamonds when I close my eyes
Cause you're pressing on my heart
Come, get closer to me
Could be light years apart

Glitter in the sky above us
Baby, tell me to uncover
We were meant to love each other
And I don't wanna let you down
Take me to the sunny waters
Seabreeze, soft like butter
We were meant to love each other
And I don't wanna let you down

And we go
Oh oh oh oh ay oh oh oh
Oh ay oh oh oh oh ay oh
And we go
Oh oh oh oh ay oh oh oh
Oh ay oh oh oh oh ay oh

You're the only one I need
After all that we've been through
Like a pattern complete
We're imperfect and true
I see diamonds when I hold you tight
Cause we got carbon chemistry
Spilling day into night
Pour myself over you
Glitter in the sky above us
Baby, tell me to uncover
We were meant to love each other
And I don't wanna let you down
Take me to the sunny waters
Seabreeze, soft like butter
We were meant to love each other
So baby, don't you let me down

And we go
Oh oh oh oh ay oh oh oh
Oh ay oh oh oh oh ay oh
And we go
Oh oh oh oh ay oh oh oh
Oh ay oh oh oh oh ay oh

Fvn, don't ask me again hoe
You said I was meant for you
I thought you were nothing for me
I was thinking he's probably trying to pluck from my apple tree
Can't believe that now I'm actually thinking that we could be
The perfect story I only imagined in my fantasy
For the very first time, first time
In a very long time, long time

I felt like I could be myself
Not only part-time but full-time
And when our fingers intertwine
I feel so warm, you're my sunshine
But if you fuck me up again
Just know it will be your last time

You're the sun and I am the moon
(Who knows)
I'll be the bride and you gonna be the groom
(For you)
I give no shit and I will fight like a goon
I'm a reflection of you
That's why I am an orange moon

Glitter in the sky above us
Baby, tell me to uncover
We were meant to love each other
And I don't wanna let you down
Take me to the sunny waters
Seabreeze, soft like butter
We were meant to love each other
And I don't wanna let you down

We go
Oh oh oh oh ay oh oh oh
(Fallulah hey hey, FVN hey)
(I don't wanna let, I don't wanna let, I don't wanna let you down)
Oh ay oh oh oh oh ay oh
And we go
Oh oh oh oh ay oh oh oh
(And we go oh ay oh)
Oh ay oh oh oh oh ay oh
So baby don't you let me down, no
