

Vandalain

Fallulah

Put your head on my shoulder when less time
Before you walk out the door without a goodbye
Put your head on my shoulder, just for a while
Cause I feel really useful when you cry

Ooh ooh ooh, Vandalain
Oh oh, Vandalain
Vandalain
Oh oh, Vandalain

I keep waiting around for a slice of your pie
Just to watch you eat it all with a smile
Every minute you fool and so am I
When you put out your honey, with drop like flies

Ooh ooh ooh, Vandalain
Oh oh, Vandalain
Vandalain
Oh oh, Vandalain

You vandalize me
You vandalize me
So come along with this sad, sad song, song
Here for you
And don't expect it for you to be, when I need you too
I know you
I know you

You're my Vandalain
Oh oh, Vandalain
Vandalain
Oh oh, Vandalain
Ooh ooh ooh
