

Bob Cox Lives In Ohio

Famous Last Words

Let's get this show on the road
I've been waiting so long just to go
I never thought it would be this hard
The constant liars that fake it, didn't say I would make it
They've been saying it from the start
Bu it's alright, I won't stop until I hit the streets
And it's been so wild
The time will come and they'll be watching me

We came together not knowing our names
To tell you the truth I really can't complain
The downfalls and the two faced friends
They'll never change not even in the end
Bringing us down putting out our flames
But when we're through we'll burn this whole fucking place

I'm not ashamed, I'm not ashamed!
My heart is on this one way train!
I'm on my way, I'm on my way!
Back to the top, you better watch your place!

Following our dreams and breaking hearts
That's how we've always done it from the start
The downfalls and the two faced friends
They'll never change not even in the end
Bringing us down putting out our flames
But when we're through we'll burn his whole fucking place will
go up in flames
The time will come we'll be at the top again
The stars will fall and I'll watch them crash and burn
And we won't stop until they all return

I'm not ashamed, I'm not ashamed!
My heart is on this one way train!
I'm on my way, I'm on my way!
Back to the top, you better watch your place!
