

# Maze in My Mind

## Famous Last Words

Alone here in this empty room  
Safe to presume that I've been here before  
(Been here before)  
I remember it here  
Consumed by all of the fear  
I can't take it anymore

Lie to me lie  
Just lie please this can't be the truth. I'll deny, I'm stuck in my mind!

And it seems I have to fight my way through this. I've got to find a way away from here.

It's got me running around in circles! (Circles)  
A manic maze in my head!  
And will I ever wake up again?  
Is this a dream or am I simply dead?

Lie to me!  
Lie please this can't be the truth!  
This knife stuck stabbed in my back that you used to carve out the hole, to suck out the soul from me!

It's got me running around in circles! (Circles)  
A manic maze in my head!  
And will I ever wake up again?  
Is this a dream or am I simply dead?

Can't let this terror conquer me  
Gotta wake myself from this sick dream  
To make it through and be free  
From this hellish world I see  
Is there a chance I can succeed  
Or should I just let it be?  
This drug induced, unwilling, sleep  
God wake me up you'll see  
I will be strong I will be free  
Never let another control me  
That is a fact I'll guarantee  
Believe in me

I'll proudly march from this room  
Consumed by fear I will face my own doom  
I'm lost inside my head  
I will fight through never surrender  
Have to be free or I'd rather be dead!

It's got me running around in circles! (Circles)  
A manic maze in my head!  
And will I ever wake up again?  
Is this a dream or am I simply dead?
