

After Midnight

Fancy

Another night is hunting New York city
It beats like heart with a magic spell
Fever spreading making us so hungry
And such a night with angel spell

Be - you
Play the game
Don't ask
A stranger's name
Eyes - be
In the streets
Heart love
Inside the sheets

Hot time in the city
After midnight after midnight
That's when you fly
Hot time in the city
After midnight after midnight
Higher then I

Hot shot lady looking for sensation
You can't make my dreams come true
What I need's real love and fascination
What you're gonna get for I will go with you

Will - you
On back seat
Rap - dance
Bodyheat
Me - go
On that skin
Your eyes
Black as ink

Hot time in the city
After midnight after midnight
That's when you fly
Hot time in the city
After midnight after midnight
Higher then I

Will - you
On back seat
Rap - dance
Bodyheat
Me - go
On that skin
Your eyes
Black as ink

Hot time in the city
After midnight after midnight
That's when you fly
Hot time in the city
After midnight after midnight
Higher then I
