

## Blue Eyed Lady

Fancy

You're in the twilight zone  
Tell me you've got no phone  
I'll wait alone for your call  
And when the action rings  
My fascination stings  
You're just a passion of love  
My blue eyed love  
(Blue eyed love)  
My blue eyed love  
(Blue eyed love)

I had a dream last night  
You came and held me tight  
I saw the light in your eyes  
Your skin and hair so fair  
Show me how much you care  
My body needs your entice

Blue eyed lady  
You're my emotion of love  
And I just can't get enough  
My blue eyed love  
Blue eyed lady  
You're my emotion of love  
I know our hearts will be one  
My blue eyed love

I've looked up high and low  
A girl from head to toe  
My destination of love  
You make the candle glow  
You changed the sand to snow  
You're my obsession of love  
My blue eyed love  
(Blue eyed love)  
My blue eyed love  
(Blue eyed love)
