

True Love

Far

"SAVE ME!
Wait,
want you to know that
I don't wanna be your whore
I know
that I'm supposed to feel good
and I don't wanna wreck the mood
but only I know what I won't do
and one of those things is you."

I arrived writing love letters
peeled off your shirt, laid it on a page
I regret nothing
on a good day
Insofar as being ready
I've seen one too many kids
post-true love

True love...
am I ready?
I'm not ready.

"strangely enough, I feel fine
definitely don't miss
your here-in-the-dark lines
and I quote: 'I love you'
then you come
you, only I know
what I won't do
and one of those things is you."

am I ready?
I'm not ready.
True love.
