

## Best Friend

Fastball

Sleep sleep come with me I wanna be dreaming  
I need a break from all this planning and scheming  
Sad sad days walking 'round in the city  
Look to my lonely mind 'cause it's the only place  
I get to see your face

Love love take me there I wanna be flying  
I need a need a break from all this driving and crying  
Sad sad days walking 'round in the city  
Fly with me I'll take you where we can't be found  
Until I hit the ground

Wouldn't you like to be my best friend  
You could show me a whole new world  
We could stay up all night 'cause you never know  
What could happen  
What could happen
