

## A Pleasant Shade of Gray Part III

Fates Warning

There's a cloud above us  
And there's a shadow on us  
And outside of us  
Hangs this shade of gray

Rain falling  
Hours crawling  
All around this shade of gray

There's a chill about us  
And there's a sadness with us  
And deep within us  
Lies this shade of gray

Rain falling  
Hours crawling  
All around this shade of gray  
This shade of gray  
"rain's falling, hours crawling"  
This shade of gray  
"rain's falling, hours crawling"

There's a space beside us  
And there's miles between us  
And all around us  
Grows this shade of gray

Rain falling  
Hours crawling  
All around this shade of gray

Rain falling  
Hours crawling  
All around this shade of gray  
This shade of gray  
"rain's falling, hours crawling"  
This shade of gray  
"rain's falling, hours crawling"
