The week has only started
Yeah fuck my life
My phones acting retarded
Yeah yeah fuck my life
And I just wanna party,
Yeah live my life, li-live my life,
Love my life
Tonight tonight tonight

Oh forget the world tonight
I'm gonna let it go
And leave my cares behind
I'm gonna party like it's my
21st, 21st
I'm gonna put my, put my hands up till they hurt, till they hurt
We gonna live it up like we just won the lotto-o-o-o
Yo DJ turn it up, we about to lose control tonight
Oh forget the world tonight
We gonna party till daylight, daylight
I'm gonna let it go
And leave my cares behind
We gonna be rocking till the daylight, daylight
Now throw your fists up!
Throw your fists up!

If someone spill a drink on me,
Yeah fuck my life
My girlfriend won't stop calling me,
Yeah yeah fuck my life
And I just wanna party,
Yeah live my life li-live my life,
Love my life
Tonight tonight tonight

Oh forget the world tonight
I'm gonna let it go
And leave my cares behind
I'm gonna party like it's my
21st, 21st
I'm gonna put my, put my hands up till they hurt, till they hurt
We gonna live it up like we just won the lotto-o-o-o
Yo DJ turn it up were about to lose control tonight
Oh forget the world tonight
We gonna party till daylight, daylight
I'm gonna let it go
And leave my cares behind
We gonna be rocking till daylight, daylight
Now throw your fists up!
Throw your fists up!

I'm gonna put my fucking hands up till they hurt
I'm gonna put my fucking hands up till they hurt, till they hurt
I'm gonna put my fucking hands up till they hurt
I'm, I'm, I'm gonna put my fucking hands up till they hurt, hurt hurt
