

Jealous

Faydee

Let me take it in for a second
I know in my heart
Its all in my head
I know i get a little bit jealous
Sometimes i get lost
I forget what you said

I remember what you told me
You'll never leave me lonely
There's no one that can hold me
And love me like you do
Baby please forgive me
I am all up in my feelings
There's no one that can care
The way that you do
I am jealous for you

I am jealous for you
Oo naa naa yeah
Oo naa naa yeah

Oo naa naa yeah

I am jealous for you

All eyes on you

For making it hard for me
When you look so good

The boys wanna talk to you
I really wanna keep back home
But its hard to do

Then i remember what you told me
You'll never leave me lonely
There's no one that can hold me
And love me like you do
Baby please forgive me
I am all up in my feelings
There's no one that can care
The way that you do
I am jealous for you
I am jealous for you

Oo naa naa yeah
Oo naa naa yeah
Oo naa naa yeah
I am jealous for you

Something about you
Crazy without you
aaaa aah

Sometimes i get a little bit insecure
Yrust me i trust you
I just dont wanna lose you

Aaaa aaah
Maybe im a little paranoid

Oo naa naa yeah
Oo naa naa yeah
Oo naa naa yeah
I am jealous for you
Oo naa naa yeah
Oo naa naa yeah
Oo naa naa yeah
I am jealous for you
Oo naa naa yeah
Oo naa naa yeah
Oo naa naa yeah
I am jealous for you
