

# On My Way

Faydee

Ho hey yippie ya yay  
You can have that I'll be on my way  
Say ho hey yippie ya yay  
You can have that I'll be on my way

It's back and forth everyday,  
Every little thing go down in place  
It's written all over your face,  
Thinking that you really gon' get your way  
And are you gonna let this go  
It's probably gonna drag by to the morning  
The way you gonna let this go,  
The rain won't stop and now it's pouring

No more love, no more games  
No more thinking I'm the one to blame  
No more tears, no more pain  
You can have that I'll be on my way

Say ho, hey, yippie ya yay  
You can have that I'll be on my way  
Say ho, hey, yippie ya yay  
You can have that I'll be on my way

Ain't coming back this time  
I crossed my heart and I hope to die  
I shouldn't be thinking twice  
Even if you say you can love me right  
Don't look at me like that  
You're not gonna change and that's a fact  
Don't tell me it's not that bad  
I'm out and I won't be coming back

No more love, no more games  
No more thinking I'm the one to blame  
No more tears, no more pain  
You can have that I'll be on my way

Say ho, hey, yippie ya yay  
You can have that I'll be on my way  
Say ho, hey, yippie ya yay  
You can have that I'll be on my way

All my life I found a way  
Another reason to make you say  
But there's only so much that I can take  
Before we make a change and go our separate ways

Oh ey fighting all day  
Yelling all night  
Hear it in a hall way  
She said, "You'll be laughing 'til you cry."  
Yeah that's what they all say

I'm about to go missing  
Thinking how the f...  
I got myself in this position

Always got an attitude  
Never showing gratitude  
Always wanna talk, but she never wanna listen

Oh ey I'mma do it my way  
Gonna scoop James  
Yeah and hit the highway  
Now I'm looking for somebody  
I can call my bae  
I just hit my new thing  
Said I'm on my way  
Sing it

On my, on my way  
On my, on, my, on my way  
[4x]

You can have that I'll be on my way

Say ho, hey, yippie ya yay  
You can have that I'll be on my way  
...
