

Crash Test

Fear Factory

Some men believe
Animals aren't seen
Testing on their minds
Testing with their lives
You can't believe
Not even percieve
Animals that die
Animals that cry

Crash test! So what!
Crash test! So what!

Catastrophies
To the animal species
Politically correct
On animals, to dissect?
What does it mean
When animals can dream?
Destroying a pure life
Only for a price

Crash test! So what!
Crash test! So what!

Animals that die
Animals that cry
Testing on their minds
Testing with their lives {X2}

Crash! Test!

Animals that die
Animals that cry
Testing on their minds
Testing with their lives

Crash test! So what!
Crash test! So what!

Crash!
