Nothing you say matters to us Nothing you say matters to us Fuck you

Spread your word this point of you And connect the machine Goddamned words, ocean of lies Taunting you to decieve

Nothing you say matters to us
Nothing you say matters to us
You are a virus spreading disease
Your life is so sad spreading lies of hate
Nothing you say matters to us
Nothing you say matters to us
Fuck you

So you'll seize up in your lies you Tell up at the site Sees you, signals and hate me to stand Me with your lies

You are a virus spreading disease Your life is so sad spreading lies of hate

Reap what you sow Your words are shit

You are a virus spreading disease Your life is so sad spreading lies of hate

Assume that you know my thoughts
(All I want to do is see)
Infect me with your disease
(Tapping only on the keys)
Change your face in front of me
(Safe behind the cyberscreen)
Wishing that you knew the truth
(All I know is what I read)

Nothing you say matters to us
