

I Can't Make Love To You Anymore

Felt

I nearly cried
When you lied
You caught me
Unaware
The look in your eyes
Of complete surprise
It won't fool me
Again
Never again

I can't make love to you anymore
I can't make love to you anymore
I can't make it with you no more
I can't make love to you anymore

Can't you see
What it is
That you're doing
To me
It's plain to see
It's too late to choose
Between him
Or me
Can't you see
