

Feel You

Ferry Corsten

Take my hands,
I've been searching,
Found you here,
On your own.
Can you hear on my yerning
Reach my soul,
Only want to...

Feel You, Feel you,
This night can last forever,
We shine and will be together,
Feel You, Feel You.

Were too young, I've been running,
Slow me down, Show me love.
Do you feel all this burning,
Make me whole,
Only want to...

Feel You, Feel You,
This night will last forever,
I know we can be together,
Feel You, Feel You.

Reach My Soul
Reach My Soul
Reach My Soul
Reach My Soul
Reach My Soul!

This night will last forever,
I know we can be together,
Feel You, Feel You.
