

I'm not supposed to say
That you are known for selling people's words a certain way
I'm caught in two
Do I belong to you?
There's no one I can use
You may not like the simple things
That others tend to choose
I'm onto you, when I have thought it through

Oh I will find
It doesn't matter if you fall at her feet
Oh I don't mind
I cannot ask you if there is no one to see

This is no life to lead
The world is catching up with you
I know it's time to leave
I'm caught in two
Do I belong to you?

Who cares what's in your head
The only thing that's over me
Your love remains unsaid
I'm caught in two
When I am wrong with you

Oh I will find
It doesn't matter if you fall at her feet
Oh I don't mind
I cannot ask you if there is no one to see

The one
The the one
The one
I'm not the one for you

The one
The the one
The one
I'm not the one for you

Oh I will find
It does not matter if you fall at her feet
Oh I don't mind
I cannot ask you if there is no one to see

The one
The the one
The the one
I'm not the one for you
