

# Hard To Be Myself

## Fickle Friends

I'm the life of the party  
I read between the lines and overthink  
What's the difference when I drink?  
So open up another  
I'm a prisoner to this mood  
There's an explanation and it's good  
I can't change my attitude  
So open up another

Party with me  
Party with me  
Party with me 'cause I need something from you  
You're making me cool  
Party with me  
Party with me  
Party with me 'til I see nothing but you  
You're making me cool

It's hard to be myself  
It's hard to be, hard to be  
Hard to be, hard to be  
It's hard to be myself  
It's hard to be, hard to be  
So just tonight  
What the fuck, yeah

Do you cure the nervousness?  
Cause every word you say, I'm thinking less  
It's a trick to second guess me  
Like you would a lover  
I'm a constant state of war  
Why am I afraid of being sure  
So fill me up, I'm insecure  
Open up another

Party with me  
Party with me  
Party with me 'cause I need something from you  
You're making me cool  
Party with me  
Party with me  
Party with me 'til I see nothing but you  
You're making me cool, yeah

It's hard to be myself  
It's hard to be, hard to be  
Hard to be, hard to be  
It's hard to be myself  
It's hard to be, hard to be  
So just tonight  
What the fuck

Party with me  
Party with me  
Party with me 'cause I need something from you  
You're making me cool  
Party with me

Party with me  
Party with me 'til I see nothing but you  
You're making me cool, yeah

It's hard to be myself  
It's hard to be, hard to be  
It's hard to be myself  
It's hard to be, hard to be  
So just tonight  
What the fuck, yeah

I could be, I could be  
I could be, I could be  
I could be cooler  
It's hard to be, hard to be  
Hard to be, hard to be  
It's hard to be myself  
Yeah
