1000 Million Pieces

Fiddler's Green

So many words reverberating in my heart
My hope is building up a wall that falls apart
And I am staring like a hare that does not dare
To go the way to you
Struggling like a mad man to get rid of you
Baby can't you help me 'cos I feel for you
A thousand memories guiding me
But I can't find the way to you tonight – a way to you
tonight

Don't let our world fall to thousand million pieces
Come on girl it's not too late now
Don't let our world fall to thousand million pieces
Come on girl don't be afraid now
Don't let our world fall to thousand million pieces
Come on baby let me do it I still have the love to
prove it
Come on

All my little world is falling down on me
All my life is locked up in a fantasy
A thousand lights are blinding me
So I can't find the way to you tonight
Struggling like a mad man to get rid of you
Baby can't you help me 'cos I feel for you
A thousand memories blinding me
So I can't find the way to you tonight

Don't let our world fall to thousand million pieces
Come on girl it's not too late now
Don't let our world fall to thousand million pieces
Come on girl don't be afraid now
Don't let our world fall to thousand million pieces
Come on baby let me do it I still have the love to
prove it
Come on

Let's put it right

Don't let our world fall, fall, fall
Don't let our world fall

Rumbudam I feel for you I cannot help I'm feeling blue
Show me a way give her a way release me now of
yesterday ihoo
Rumbudam get out of me
Rumbudam set me free
Give her a way give her a way back to me
I wanna be so free

Don't let our world fall to thousand million pieces
Don't let our world
Don't let our world fall to thousand million pieces
Don't let our world
Don't let our world fall to thousand million pieces
Don't let our world fall to thousand million pieces
Don't let our world fall to thousand million pieces

```
Come on baby let me do it I still have the love to
prove it
Come on

Let's put it right
```
