

# Song For The Fields

Fields

You're not the only one  
Bringing money home  
Breaking backs and toil  
Wasting lives in soil  
And our revelry  
Destroy our landmarks  
Falling in the sea  
Collective memory

Long serving, deserving  
Our masters won't leave us

You're not the only one

Looking for your turn  
Setting off the fires  
To watch our bridges burn  
Burn

Wait for me, hopelessly

You're not the only one  
Bringing money home  
Breaking of your ties  
Filling blanks with lies  
If it's meant to be  
Destroy our landmarks  
Falling in the sea  
Selective memory

Long serving, disturbing  
Our masters have turned us

You're not the only one  
Wasting every turn  
We're setting of the fires  
To watch our bridges burn  
Wait for me, hopelessly

Your not the only one (12x)
