

Rejection

Fifteen

No problems or worries in my life
Just smooth sailing in my sights
But every time I turn my back
Everything just falls apart

Try to take these things in strides
But my feelings I just can't, I can't hide
I'm not the one to lay down and die
But I'm not afraid to cry

I can't let these things get me down
Yeah, I gotta let it go and get my feet back on the ground

In time all things will turn around
But it hurts and I feel so betrayed

But I know in time it all just fades away
Gotta remember tomorrow's another day
Look to the future, for the calm after the storm
Looking for tomorrow, and the new light that it holds
