

A Real Fine Day

Firefall

I woke up this mornin'
The sun was shinin'
Birds were singin'
People were smilin'
Looked in the mirror
I was smilin' too
Gave me a feelin' like
Dreams comin' true

Gonna be a good day
Gonna be a real fine day
It's gonna be a day to remember
All my life
Gonna be a good day
A real fine day

Not a cloud in the sky
A little breeze in the air
If it started rainin'
I wouldn't care
I don't know much
But I know one thing is true
I woke up this mornin'
Lookin' at you

It's gonna be a good day
Gonna be a real fine day
It's gonna be a day to remember
All my life
Gonna be a good day
A real fine day

Ooh...

I don't know why I deserve such a feelin'
(I don't know)
I don't know why I and I don't care
(Oh, I just don't care)
All I know is I woke up this mornin'
And you were there
You were there

Gonna be a good day
Gonna be a real fine day
Gonna be a day to remember
All my life
Gonna be a good day
A real fine day

Everything's gonna be alright
Everything's gonna be okay
The sun is shinin' bright
It's gonna be a good day
Everything's gonna be alright
Everything's gonna be okay
The sun is shinin' bright
It's gonna be a good day

(Alright) everything's gonna be alright
(Okay) everything's gonna be okay
(Alright) the sun is shinin' bright
It's gonna be a good day
(Alright) everything's gonna be alright
(Okay) everything's gonna be okay
(Alright) the sun is shinin' bright
It's gonna be a good day, yeah
Gonna be a good day
