

Be in Love Tonight

Firefall

When I saw her standing over there after school
I stopped dead in my tracks and stared like a fool
Now she's comin' this way I hear myself say
Hey baby whatcha doin' tonight?

She smiled and said oh nothin' much
I thought I'd go to a show
I smiled and gave her hand a touch

Be in love tonight (please)

Now I'm waiting patiently for her to come down
I can tell her add and mom don't like me hangin' 'round
Finally now we're off (goin' to the show)
She feels oh so soft (I just can't let go)
She's oh so sweet will ya make my night complete
